TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Peterborough, in the County of Hillsborough, in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the eighth day of March next, at eight of the clock in the forenoon (Polls close at 6:00 p.m.), to ballot for Town Officers and other questions required by law to be decided by ballot. Pursuant to the authority of RSA 39:2-a and the vote of the Town on March 10, 1970, all business other than ballot questions will be recessed until 7:00 P.M. Tuesday, March 15, 1977, at Peterborough Elementary School, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing. (By Ballot)

Article 2. To see if the Town will vote to amend the Zoning Ordinance as proposed by the Planning Board, or take any other action relating thereto. (By Ballot)

Article 3. To see if the Town will vote to establish a building code ordinance as proposed by the Planning Board, or take any other action relating thereto. (By Ballot)

Article 4. To see if the Town will vote to adopt the provisions of RSA 72:62 for the property tax exemption on real property equipped with solar energy heating or cooling systems which exemption shall be in an amount equal to one hundred (100) percent of the value of the solar heating or cooling systems, or take any other action relating thereto. (By Ballot) (By Petition)

Article 5. To hear the reports of Agents, Auditors and Committees or Officers heretofore chosen, and to pass any vote relating thereto.

Article 6. To see if the Town will vote to accept legacies and gifts to the Town in Trust or otherwise by any individual or individuals, or take any other action relating thereto.

Article 7. To raise and appropriate such sums of money as may be necessary for Town Office, Town House, Legal Expense, Street Lighting, Water Charge, Patriot Purposes, Vital Statistics, Local Planning, Old Fire Station, Board of Adjustment, Health, Conservation Commission, Highway Summer, Highway Winter, Public Works Summary, Highway Garage, Police Department, Fire Department, Parks, Recreation Department, Sanitary Landfill, Civil Defense, and for any other charge arising within the Town.

Article 8. To see what sum of money the town will vote to authorize the Selectmen and the Town Treasurer to borrow in anticipation of collection of taxes for the current municipal year and to issue in the name and on the credit of the Town, negotiable notes therefore, said notes to be paid in the current municipal year from taxes collected during the current municipal year and to raise and appropriate a sum not to exceed Eighteen Thousand Dollars ($18,000.00) to cover the interest on the notes, or take any other action relating thereto.

Article 9. To see if the Town will vote to raise and appropriate the sum of Three Hundred Fourteen Thousand Five Hundred Forty Dollars ($314,540.00) for the paying of the Town debt and interest, or take any other action relating thereto.

Article 10. To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set offs against budgeted appropriations for the following priority purposes and in the amount indicated, or take any other action relating thereto:

Appropriation	Amount
Public Works	$39,129.00
Police Department	13,788.00
Fire Department	4,620.00
Library	5,515.00
Recreation Department	6,856.00
Landfill	4,620.00
Total	$74,528.00

Article 11. To see if the Town will vote to establish a War Memorial Maintenance Fund and to transfer any balances remaining in the Bi-Centennial Account and in the Peterborough Anniversary Fund to said account and to authorize the Selectmen to make expenditures from said fund for the maintenance and repair of the War Memorial, or take any other action relating thereto.

Article 12. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars ($15,000.00) for the restoration of the War Memorial and the acquisition of a plaque honoring the Vietnam Veterans, or take any other action relating thereto.

Article 13. To see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars ($4,000.00) for insulating of the Town House and the Old Fire Station, or take any other action relating thereto.

Article 14. To see if the Town will vote to raise and appropriate the sum of One Thousand Four Hundred Sixty-Four Dollars and Thirty-One Cents ($1,464.31) provided that the State of New Hampshire appropriate Nine Thousand Seven Hundred Sixty-Two Dollars and Three Cents ($9,762.03) for the construction of Class IV and V Highways, or take any other action relating thereto.

Article 15. To see if the Town will vote to accept from the State of New Hampshire Twenty-Seven Thousand Two Hundred Sixty-Nine Dollars and Thirty Cents, ($27,269.30) in Block Grant moneys restricted to highway usage, or take any other action relating thereto.

Article 16. To see if the Town will vote to instruct the Selectmen to institute a mandatory solid waste separation procedure at the town dump and to see if the Town will enact an ordinance concerning the use of the dump and implementing said solid waste separation procedure, or take any other action relating thereto.

Article 17. To see if the Town will vote to raise and appropriate the sum of forty Thousand Dollars $40,000.00) to construct and equip a building for processing solid waste material for recycling, or take any other action relating thereto.

Article 18. To see if the Town will vote to authorize the Selectmen to enter into a long term contract (not to exceed twenty-five (25) years in length) with Gratton-Weeks, Inc., of Hinsdale, N.H. to remove any or all refuse fromthe Town Dump at a cost not to exceed $10.00 per person (based on the last annual population figures supllies by the State of N.H.) and to raise and appropriate a sum not to exceed Sixty-Five Thousand Dollars ($65,000.00) to purchase the necessary capital equipment and pay for the removal of said refuse for the year 1977, or take any other action relating thereto.

Article 19. To see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars ($4,000.00) to replace a 1968 Grace Tow Broom, for the Public Works Department, or take any other action relating thereto.

Article 20. To see if the Town will vote to raise and appropriate the sum of Nine Thousand Five Hundred Dollars ($9,500.00) to replace a utility truck and plow for

the Public Works Department, or take any other action relating thereto.

Article 21. To see if the Town will vote to establish and enforce an animal control ordinance, or take any other action relating thereto. (By Petition for Secret Ballot)

Article 22. To see if the Town will vote to raise and appropriate the sum of Thirty Thousand Dollars ($30,000.00) to obtain an engineering study and specifications and do maintenance work on the walls and dams on Main Street and Grove Street, or take any other action relating thereto.

Article 23. To see if the Town will vote to raise and appropriate the sum of Four Thousand Two Hundred Dollars ($4,200.00) to replace the 1973 Pontiac police cruiser, or take any other action relating thereto.

Article 24. To see if the Town will vote to instruct the Selectmen to appoint and work with a committee to examine the long range needs of the Police Department, or take any other action relating thereto.

Article 25. To see what sum of money the Town will vote to raise and appropriate to replace a hand held transceiver for the Fire Department, or take any other action relating thereto.

Article 26.. To see if the Town will vote to transfer and use the sum of Two Thousand Dollars ($2,000.00) from the income of the Albert W. Noone Fund for renovations at the Old Fire Station, or take any other action relating thereto.

Article 27. To see if the Town will vote to transfer managerial jurisdiction of a certain parcel of land at Evans Flats from the Public Works Department to the Recreation Department for future ball fields provided that the Department of Public Works retain the right to deposit snow on the parcel, or take any other action relating thereto.

Article 28. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars ($2,000.00) to complete the landscaping at Adams Playground, or take any other action relating thereto.

Article 29. To see if the Town will vote to authorize the Recreation Committee to seek and accept 100 percent Federal and-or State funding for reconstruction of the hockey facility at Adams Playground, or take any other action relating thereto.

Article 30.. To see if the Town will vote to authorize the Library Trustees to acquire the Henry Franklin property on Concord Street for expansion provided that no tax revenue is involed in the purchase, or take any other action relating thereto.

Article 31.. To see if the Town will vote to raise and appropriate the sum of Twelve Thousand Dollars ($12,000.00) to obtain architectural plans and specifications for the Library expansion, or take any other action relating thereto.

Article 32. To see if the Town will vote to authorize the Conservation Commission with concurrance of the Selectmen, to purchase the Brous Dam and water rights, on the Contoocook River in North Peterborough, or take any other action relating thereto.

Article 33. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars ($1,000.00) for engineering studies and recommendations on the Brous Dam, or take any other action relating thereto.

Article 34. To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Dollars ($1,500.00) to update the street lighting system, or take any other action relating thereto.

Article 35. To see if the Town will vote to authorize the Selectmen to apply for, accept, and utilize any Federal Funds that may become available, providing the Selectmen find it to be in the best interest of the Town, or take any other action

relating thereto.

Article 36. To see if the Town will vote to raise and appropriate the sum of Eight Thousand One Hundred Two Dollars ($8,102.00) for sidewalk and curbing improvements on Elm Street, or take any other action relating thereto.

Article 37.. To see if the Town will vote to authorize the Selectmen to grant a drainage easement across Adams Playground to Lloyd G. Reynolds, Inc. as required by the Planning Board for the purpose of installing a closed pipe drainage system beneath Adams Playground to the Nubanusit River, or take any other action relating thereto. (By Petition)

Article 38. To see if the Town will vote to accept and name Casalis Road as a Town street subject to final inspection of the Superintendent of Public Works, or take any other action relating thereto.

Article 39. To see if the Town will vote to close subject to gates and bars, that portion of Burke Road commencing at the turnaround as shown on the recorded plans of Peterfield Phase II, and running northerly to the Greenfield town line, or take any other action relating thereto.

Article 40. To see if the Town will vote to convey a certain portion of the Scott-Winn Road right-of-way to Michael Sullivan for a sum to be determined by the Selectmen, providing the grantee assume all legal expenses, or take any other action relating thereto.

Article 41. To see if the Town will vote to raise and appropriate the sum of Five Thousand Six Hundred Sixteen Dollars ($5,616.00) for the Monadnock Visiting Nurse Association Inc., or take any other action relating thereto. (By Petition)

Article 42. To see if the Town will vote to raise and appropriate the sum of Two Thousand Sixty-Two Dollars ($2,062.00) for the Monadnock Family and Mental Health Service, or take any other action relating thereto. (By Petition)

Article 43. To see if the Town will vote to raise and appropriate the sum of One Thousand Nine Hundred Thirty-Nine Dollars ($1,939.00) for the Monadnock Region Association, or take any other action relating thereto. (By Petition)

Article 44. To see if the Town will vote to raise and appropriate the sum of One Thousand Two Hundred Dollars ($1,200.00) for the Monadnock Community Day Care Center, or take any other action relating thereto. (By Petition)

Article 45. To see if the Town of Peterborough will vote to raise and appropriate the sum of Two Thousand Dollars ($2,000.00) for the support of the Monadnock Region Committee on the Arts, or take any other action relating thereto. (By Petition)

Article 46.. To see if the Town will authorize the Selectmen to Administer or dispose of any real estate acquired by the Town through Tax Collector's Deed, or take any other action relating thereto.

Article 47.. To transact any other business that may legally come before this meeting.

Given under our hands and seal this Twenty-First day of February, in the year of Our Lord Nineteen Hundred Seventy-Seven.

Selectmen of Peterborough

REPORT OF THE RESULTS OF TOWN MEETING 1976

Article 3. Reports of agents, auditors and committees or officers be approved as printed in the Town Report. Motion passed.

Article 4. Acceptance of Legacies and gifts or otherwise. Motion passed.

Article 5. The total appropriation under this article was $674,339.

Article 6. Authorization to borrow in anticipation of taxes and interest appropriation of $18,000. Motion passed.

Article 7. Borrow $323,975 for repayment of sewer bonds and $15,675 for repayment of Space Committee Loan. Motion passed.

Article 8. Planning Board be elected by non-partisan ballot according with State law as passed in the General Court in 1975. Motion defeated.

Article 9. Authorize the withdrawal of $26,956 from the Revenue Sharing Fund for use as set-offs against budget appropriations for the following purposes and in amounts indicated:

Public Works	$14,637.00
Police	5,148.00
Fire	1,375.00
Library	1,914.00
Recreation	2,642.00
Landfill	1,240.00

Motion passed.

Article 10. Class IV and V Highways $1,471.77. Motion passed.

Article 11. Accept from the State of New Hampshire $27,277.08 in Block Grant monies restricted to highway usage. Motion passed.

Article 12. $23,375 to replace a dump truck and plow. Motion passed.

Article 13. $3,200 to replace a welder. Motion passed.

Article 14. $25,000 for continuation of street betterment program. Motion passed.

Article 15. Replace the 1974 police cruiser. $3,300 appropriated. Motion passed.

Article 16. $1,680 for an additional crossing guard. Motion failed.

Article 17. Town create a fire department Capital Reserve Fund for the purpose of acquiring an aerial ladder truck and $5,000 be raised for said fund and further that the sum of $15,000 voted under Article 20 of the 1975 Town Meeting be reappropriated and added to said reserve fund. Said monies to be expended by the Board of Selectmen, with the advice and consent of the Fire Chief, to acquire an aerial ladder truck for the Town. Motion passed.

Article 18. $2,700 to refinish the tennis courts at Adams Playground. Motion passed.

Article 19. $2,000 to replace a combination snowblower-lawnmower for the Recreation Dept. Motion passed.

Article 20. Capital Improvements at Adams Playground — accept from the Albert W. Noone Fund $1,900. Motion passed.

Article 21. Authorize the Moderator to appoint a committee of seven citizens (including the three library trustees) to explore the need for expansion of the Town Library and if necessary to formulate plans for said expansion, acquire options, on land, and report back to the 1977 Town Meeting for action. Raise $1,000 for the committee to carry out its work. Motion passed.

Article 22. Town raise and appropriate the sum of $82,150 to install a sanitary sewage main on Currier Ave. between Rt. 202 and the Balog residence.

Amended: to refer this question to a sewer study committee to be appointed by the moderator for studying the need and priority of future sanitary sewer con-

struction in the present built-up area of the Town and recommend methods for financing the same and reporting to the moderator prior to the deadline for posting of the 1977 Town Warrant. Amendment passed.

Article 23. $2,815 for curbing and sidewalk work on Main and Depot Streets. Motion passed.

Article 24. $28,000 for renovations on Hunter Farm Rd. Motion passed.

Article 25. $3,000 for Bi-centennial purposes. Motion passed.

Article 26. Original motion amended on War Memorial to appoint a committee of five to study the problem and report back to the 1977 Town Meeting for action. Committee to be appointed by Moderator. Amendment passed.

Article 27. No action taken.

Article 28. $170 for White Pine Blister Rust Control. Motion passed.

Article 29. $3,000 to be used by Peterborough Conservation Commission to acquire land, when necessary, to salvage and prepare natural resources for public benefit. Motion passed.

Article 30. Acceptance of Casalis Road be deferred until the next regular Town Meeting after at least one house has been built and occupied along it. Motion passed.

Article 31. $5,347 for the Monadnock Community Visiting Nurse Association, Inc. Motion passed.

Article 32. $2,062 for the Monadnock Family Mental Health Service. Motion passed.

Article 33. Monadnock Region Association $2,926. Motion passed.

Article 34. Convey a certain portion of Shadow Lane to Ronald L. and Madelyn M. Rauer for a sum to be determined by the Selectmen providing the grantee assumes all legal expense. Motion passed.

Article 35. Authorization to administer or dispose of any real estate acquired by the Town by Tax Collector's Deed. Motion passed.

Article 36. Appoint a five member committee to study the long range plan for capital improvements at Adams Playground, and report at next year's Town Meeting. Committee to be appointed by the Recreation Committee. Motion passed.

Moved to adjourn the 1976 Town Meeting. Motion passed.

REPORT OF BOARD OF SELECTMEN

1976 has been a year of growth, excitement and improvement in our town affairs.

Growth: One look at our growth is a sign that things in our town are going along well. We have had a growth of over two million dollars in building permits and renovations this year. The break down is as follows:

38 new homes
1 multi-family
3 commercial buildings
52 residential renovations
9 commercial renovations
2 industrial renovations
6 miscellaneous

A total of 111 permits with an estimated $2,221,000.

With this kind of growth it will help to absorb the ever-increasing cost of our town expenses.

Excitement: Our town's Bi-Centennial committee did a superb job to celebrate our nation's 200th birthday. More important, it showed what our town can do. The parade and all the functions were excellent. As you know, people turned out from far and near to see our parade and all its excitement. We say to our committee, "Thank you" and our friends, "Thank you" for a year that will be long remembered.

Improvement: Again a year to remember. Roads have been rebuilt, new surfaces on many. There is new drainage to help remove water in order to stop roads from breaking up. A new water system known as the high water system brings our well water to an elevation of over 11 hundred feet thereby supplying most of our people with clean and pure water. This system should be in operation by January 15, or soon after.

Our town equipment is in very good condition. This includes highway, fire, police, and ambulance equipment. Our buildings are in for an updating. The Town House should be insulated. The old fire station will have repairs as needed. This building will be used for new departments such as recreation, welfare, and others if necessary as the town grows.

1977 will be a year for many changes and improvements. The one important change as your selectmen see it, will be how we handle our waste materials. As you know, we are in trouble with our landfill area. We believe that this problem stems from mistakes that were made in the past, and the fact that the landfill is in a high watertable area. We believe that we must look ahead and change our thinking. We cannot go on forever and a day burning paper, cardboard, tin, glass, and other reuseable materials. Instead, we must recycle these valuable products. We believe that in years ahead all of this waste will be used for energy in one way or another. We are asking you as citizens of Peterborough to mandate a recycling program to get our town started in what we believe will and must be universal in the United States. To complete this program we will next year urge you to go to an incinerator to burn what waste we have left after recycling. In this way our present area can be used for untold years.

Another area that seems to be getting a lot of attention is sewerage. Should we extend the sewers to allow more of our people to be served, how can it be paid for, how soon can we have sewer extension? All of this is part of our town's growth.

The Planning Board and Board of Adjustment are trying to keep our town growing in an orderly fashion, so as to keep our town the way we want it to look and grow.

Along with what we consider regular town affairs, we have our schools and County government which keep taking a larger part of our tax dollars each year.

However, we urge our citizens to continue improving our roads, fire department, police department, ambulance, library, recreation committee and all other functions in order to keep our Town a place that we all can be proud of.

At the same time we must try to keep our taxes in line so that we all can afford to live in our Town and enjoy our Peterborough. We believe that this can be done if we continue to grow and do things in order of importance.

Board of Selectmen

REPORT OF SUPERINTENDENT OF PUBLIC WORKS RELATIVE TO ADMINISTRATION OF

Town Office
Highway Department
Water Department
Sewer Department
Town House
Trees & Forests
Parks
Cemeteries

Engineering

The following is a brief report of the departments that I have administered for the past year.

Town Office

The office continues to operate routinely and efficiently thanks to the experience and cooperativeness of Mrs. Turner, Miss Baldwin, and Miss Atkinson.

Town House

The chronic space problem in the Town House will be greatly relieved in the coming Spring when the Old Fire Station on Main Street is renovated into additional office space.

Highway Department

In addition to the routine maintenance work performed annually by the Department several other projects were completed.

The betterment program was continued on Old Street Road with the section between the Hospital and Sand Hill Road being added to the other sections already renovated. In addition, some balance remained in the fund and was utilized to begin the drainage required for the final leg between Glen Drive and Sand Hill Road. The road work scheduled for 1977 will complete the Old Street Road refurbishing.

A leveling course of hot top was installed on Sand Hill Road between the Field residence and the Ely residence tying into the section that had been improved a few years ago.

Crews removed over sixteen hundred cubic yards of sand and debris from the shoulders and ditches on Old Greenfield Road, Gulf Road, Old Bennington Road, and Sand Hill Road.

In addition approximately 1½ miles of East Mountain Road was cleared and the slopes cut back to facilitate snow removal. One sharp corner was widened and all of thedrainage ways were re-established. The area worked on is between Topside and Cunningham Pond Road.

Thirteen hundred feet of underdrain and a new pipe arch culvert was installed on MacDowell Road in addition to widening a narrow area near the Cushion residence. This road received a leveling course of cold mix prior to sealcoating.

Drainage installed on Hunter Farm Road incurred some problems which have since been corrected.

New granite curbs and sidewalks were completed on Main Street in front of the Church and Roys Market.

The municipal parking lot on Depot Street was shimmed for drainage and a new coat of hot top has been installed.

As usual one-third of the streets were sealcoated on schedule.

Brush cutting on roads scheduled for sealcoating in 1977 filled out the season.

Water Department

A new project was voted at Special Town Meeting this summer and much progress was made on providing well water to the high system.

That system was constructed in 1898 and presented many problems with rust and poor quality water.

The project was threefold including a new 500,000 gallon water tank at Cunningham Pond, two miles of new transmission line, and a new pumping station.

The new system is expected to be in service in Mid-January, 1977.

In addition the department is inspecting and refurbishing the entire hydrant system.

Twelve new consumers were serviced during the year.

A new system study is underway by Whitman and Howard Engineers. This study is part of the continuous updating of the Water Department.

Sewer Department

Studies by Dufresne and Henry Engineers determined that our sewer facility is not over extended. The problems arise with an operating code of the Environmental Protection Agency which is unrealistic for this temperate zone. The code will be relaxed during winter months allowing our plant operator to discharge during these periods.

In the process of their study the engineers found that the system is in good shape and well within the allowable infiltration limits.

One new lateral line was constructed in 1976. That was 880' of 10'' main from Granite Street along Wilton Road to service the Governors Square condominium development. The line was financed by Hancock Homes Inc.

Landfill Department

This department is in trouble according to an edict from the N.H. Department of Health. We were ordered to cease landfilling at the elevation we were at and to move up on top of what had already been filled. In addition we were ordered to find some alternate method of solid waste management, possibly another location or preferably an incinerator.

The Selectmen after much study countered with a proposal to recycle on a mandatory basis; paper, cardboard, glass, and metal and to continue landfilling the remaining material. A second phase would be to construct an incinerator if necessary.

In any event the department will begin on a part time basis raising a section of landfill area to an elevation six feet above the water table.

Trees and Forests

Thirty-five dead or hazardous tress were removed from Town right-of-ways this year.

Only seven new shade trees were planted as property owners continue to shy away from this free program.

The forestry program continued with the weeding and thinning of wood lots at the North Well and Cheney Ave.

Parks

Putnam Park was again ably maintained by Ted Brayton and Teixeira Park by Bud Grant.

Several small water falls have been constructed in Mercer Park and in the Spring the underbrush will be cut and sprayed. All three parks have new picnic tables.

Town Garage

New siding has been applied to the salt shed completing that building.

Most of the yard has been oiled and all that is needed to complete the original plan is to fence the area.

Cemetery Department

The department performed 41 burials during the year. This is the largest number of burials the department has had to date.

Space is beginning to become a problem and the trustees are studying possibilities of new lands.

Bud Grant once again was awarded the maintenance contract and performed his usual good job.

Engineering Department

Several new sewer lateral projects were designed and submitted to the Water Supply and Pollution Control Commission for approval. The approved projects are on file awaiting funding.

In conclusion I wish to express my appreciation to the Selectmen, my office staff, Mrs. Turner, Miss Baldwin, and Miss Atkinson, my foremen, Tom Weeks, Howard Parker, and Joe Hanson, the Public Works crewmen, fellow department heads, and to you, our valued citizens for the understanding and support throughout the year.

Respectfully submitted,
John N. Isham
Superintendent of Public Works

REPORT OF BUILDING INSPECTOR

Building permits totaling $2,221,040.00 in valuation were issued in 1976.

The breakdown is as follows:

Dwelling Units	No.	Valuation
Single Family	1	$1,456,000.00
Multi Family	1	240,000.00
Commercial Buildings	3	157,500.00
Industrial Buildings		
Residential Renovations	52	196,440.00
Commercial Renovations	9	97,600.00
Industrial Renovations	2	19,000.00
Miscellaneous	6	54,500.00
Totals	111	$2,221,040.00

Respectfully submitted,
John N. Isham
Building Inspector

To the Board of Selectmen of the
Town of Peterborough

We have examined the financial statements (as indexed on the preceding page) of the Town of Peterborough as of December 31, 1976, and for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets, and accordingly a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the aforementioned financial statements present fairly the financial position of the various funds and departments of the Town of Peterborough as of December 31, 1976, and the results of the financial transactions for the year then ended, in conformity with generally accepted accounting principles applicable to government entities applied on on a basis consistent with that of the preceding year.

Smith, Batchelder & Rugg

TOWN OF PETERBOROUGH

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1976

1. SIGNIFICANT ACCOUNTING POLICIES

Department Reporting - The General Fund does not include the following departments or funds which are reported separately:

Water
Sewer
Sewer construction
Cemetery
Library
Federal revenue sharing

Depreciation Policy - Water and Sewer - The Town follows the policy of charging to expenses annual amounts of depreciation which allocate the cost of the property, plant and equipment over their estimated useful lives. The Town employs the straight-line method for determining the annual charge for depreciation. The ranges of the estimated useful lives used are:

	Years
Water:	
Wells and pumping stations	20-33
Purification plant	5-50
Storage tanks and distribution mains	5-77
Service entrances and meters	25
Hydrants	50
Other equipment	3-10
Sewer:	
Mains	50
Treatment plant and pumping station	30
Equipment	3

2. APPROPRIATED FUND BALANCE - GENERAL

Appropriated fund balance at December 31, 1976 represented the unexpended balance of special appropriations carried forward from 1976.

3. LONG-TERM DEBT - GENERAL

General long-term debt at December 31, 1976 represented the unpaid balance of the 4.10% sewer construction bonds. The bonds are payable in annual installments of $185,000, plus interest, through 1980, and in annual installments of $180,000, plus interest, from 1981 through 1990.

4. LONG-TERM DEBT - WATER

Notes payable to banks at December 31, 1976 consisted of:

4½% note for guaranteed main line extension, payable in annual installments of $1,000, plus interest, through 1981	$ 5,000
3½% note, payable in annual installments of $20,000, plus interest, through 1987	220,000
5 3/4% note for guaranteed main line extension, payable in annual installments of $850, plus interest, through 1989	5,847
4½% note for guaranteed main line extension, payable in annual installments of $900, plus interest, through 1992	14,400
	245,247
Less current portion	22,750
	$222,497

5. LONG-TERM DEBT - SEWER

Notes payable to banks at December 31, 1976, all for guaranteed main line extensions, consisted of:

4½% note, payable in annual installments of $800, plus interest, through 1992	$ 12,800
4½% note, payable in annual installments of $1,700, plus interest, through 1992	27,200
5.5% note, payable in annual installments of $265, plus interest, through 1994	4,770
6% note, payable in annual installments of $485, plus interest, through 1994	8,734
6% note, payable in annual installments of $295, plus interest, through 1994	5,310
6% note, payable in annual installments of $1,750, plus interest, through 1995	33,250
5.5% note, payable in annual installments of $640, plus interest, through 1996	12,800
	104,864
Less current portion	5,935
	$ 98,929

6. NOTES PAYABLE, BANK - WATER

During 1976, the Water Department spent over $300,000 on water system improvements. More improvements are scheduled for 1977. In late December 1976, the Farmers' Home Administration notified the Town that it had approved a $360,000 loan for the water system improvements. This loan, which will replace the short-term bank financing of $250,000, is payable in twenty (20) annual installments, plus interest at 5% per annum.

Hancock Homes, Inc. Guaranteed Main Line Ext. $640.00 to be paid off every year, plus interest.	
Balance Due	12,800.00

SEWER STUDY COMMITTEE REPORT

The 1976 Town Meeting voted that a five member Sewer Study Committee be appointed by the Moderator. The intention was to make a study of the existing system and to make recommendations prior to the 1977 Town Meeting.

The existing system was constructed between 1972 and 1974 for the purpose of preventing the pollution of the Contoocook River and Nubanusit Brook. The system consists of 13.5 miles of sewer lines ranging in size from 6-inch to 24-inch, a pumping station and three (3) lagoons with a storage capacity of 28.7 million gallons located in North Peterborough.

There are 554 users contributing to an annual flow of 106.65 million gallons of sewage. Shown in the chart below is a breakdown of the various users:

Component	No. of Users	Sewage Flow Gallons Per Day	Percent of Total
Commercial	82	60,400	23
Industrial	7	138,600	46
Domestic	465	79,400	31
Totals	554	278,400	100

+ Includes river water used by Noone's Mills, Inc.

The original bond issue was for $3,650,000 of which $2,540,000 is outstanding. In addition $105,904 in guaranteed main line extensions have been added to the system. Guaranteed main line extensions are paid for by the individual party or parties benefiting from the extension. The annual payment including interest against the original bond issue is $323,975 of which $153,754 is contributed by the State and Federal Government, $43,551 from savings accounts and $126,669 from Property Tax revenues. This affects the Property Tax rate at $1.89 per thousand dollars of assessed valuation. In other words, the burden of the sewer system on the 1976 tax rate of $23.60 was 8 percent.

In order to become as knowledgable as possible about the existing system and the pros and cons of extending the system, the study committee met with many individuals who represent a cross section of the community. We interviewed: former sewer study committee members Dan Eneguess, Richard Johnson and Ken Whiton; Jere Morris, a contractor; Fran Chapman, real estate broker; Win Whitney, a banker; Jim Simonds, a former selectman; Al Schaal, a professional engineer. We also met on two occasions with the Planning Board. In addition we had discussions with the engineering firms of Whitcomb and Howard and we had discussions with and contracted for a study with the firm of Dufresne & Henry. Three of our meetings were devoted to open discussions with the general public and in particular the residents of those areas of town not presently on the sewer system.

Early in our deliberations a serious question arose as to the adequacy of the existing system, particularly with its ability to cope with the treatment of sewage during the winter months. It was for this reason that the services of Dufresne & Henry Engineering Corporation were contracted. As to the primary issue of treatment during the winter months, Dufresne & Henry, after consultation with the New Hampshire Water Supply and Pollution Control Commission, states in their report that: "The State agency indicated that despite poorer effluent quality during winter months, that Peterborough could discharge an effluent, during the winter, without degrading the water quality of the Contoocook River." The Dufresne & Henry report contains a letter from the State agency affirming this opinion. However, should this opinion ever be overturned, an immediate problem would exist. Considering that the present 554 users are contributing 290,000 gallons per day to the system, the storage capacity of the lagoons is 100 days. Based upon last year's effluent sampling, 120 days storage would be required. Therefore, there is not adequate storage capacity at the present time.

The Dufresne & Henry study further showed that the present lagoons could handle an additional load of 965 persons or 275 homes using 3.5 persons as the average family size and at the same time allow for an increase in industrial wastes. The Dufresne and Henry report actually states that 1,200 people could be added to the system, but the Pheasant Wood Nursing Home has added the equivalent of 200 people, and the Governor Square Condominiums will be adding a minimum of 35 people since the report was prepared. The study also showed that the total annual sewage flow of 106.65 million gallons consisted of 101.47 million gallons from the users, 3.32 million gallons from infiltration and 1.86 million gallons from inflow. Considering the age of the Peterborough system, it is felt that 12.6 million gallons per year of infiltration is allowable. Infiltration is defined as ground water which enters the sewer system through defective pipe joints, cracked pipes and manholes, and defective connections. Inflow is defined as water which enters the sewer system from such sources as roof leaders, cellar, yard, area and foundation drains, cooling water dischargers, springs and swampy areas, manhole covers, cross connections to storm sewers and storm water inlets. With respect to the inflow problem the study states "The first step in this investigation should involve a house-to-house survey to determine if basement sump pumps are discharging to the sewer system." The regulations of the Sewer Department prohibit the connection of sump pumps and clean water drains to the sewer system.

The Dufresne & Henry study also states that "During the summer period, sewage exfiltration from the lagoons reaches the ground water in the immediate area and possibly the Contoocook River." An analysis of inflow verses outflow data to

the lagoons shows that 26 million gallons per year is being absorbed into the ground. The study goes on to state that "The significance of this amount of exfiltration is difficult to evaluate without further study, however, the possibility of degrading river water quality clearly exists." This problem could be greatly improved by lining the inside of the lagoons with asphalt or polyethylene.

The Dufresne & Henry study contains many valuable recommendations on improving the operation of the sewer system and this committee strongly recommends that the Selectmen study these recommendations and provide for the necessary funds to carry them out.

Once it was established that the sewer system could accept an additional load of 965 people or 275 homes before it reached capacity, the study committee addressed itself to the feasibility and desireability of such additions. It was determined that there were twelve (12) areas of sufficient population density to support sewer extensions. Listed in order of apparent need these areas are: 1) Ames Ave., Mercer Ave., Maple Ave., Webb Rd., Goyette Dr., Noone Ave., Section of Old Dublin Rd.; 2) Tarbell Rd., Nichols Rd., Keenan Dr., Lounsberry Lane, Taylor Rd., backside of Currier Ave. Location of Town's major water supply; 3) Lobacki Dr., Arundel Rd., East Hill Rd., section of Pine St., section of Lookout Hill Rd., section of Wilton Rd., section of Old St. Rd.; 4) Sections of Scott, Oak, and Laurel Sts.; 5) Sections of Winter, Oak and Laurel and Hatch Sts.; 6) Hunter Farm Rd.; 7) Front side of Currier Ave., Hall Court, section of Hunt Rd.; 8) Cheney Ave., Kaufmann Dr., Orchard Hill, section of Lookout Hill Rd.; 9) Sand Hill Rd. as far as crest of hill before Old St. Rd. and most of Glen Dr.; 10) Old St. Rd. from 202 and about two thirds of distance to Hospital Rd.; 11) Windy Row as far as MacDowell Rd.; 12) Blueberry Lane, Reynolds Dr., Highland Dr., remaining sections Glen Dr., and Old St. Rd., Sand Hill Rd. from Old St. Rd. to just past Blueberry Lane.

Shown in the chart below by area, which is shown by number and corresponds to the priority numbers listed in the previous paragraph, is the length of the extension, the number of homes to be hooked on, the cost of installing the main lines and the annual payment for a twenty year borrowing at 5¼ percent interest, which is the most recent borrowing rate.

Area	Approx. Length (Ft.)	Approx. No. Hook-Ups	Estimated Cost	Est. Ann. Pay. 5¼ % Loan 20 Years
1	9,330	53	$190,000	$15,571
2	7,700	48	140,000	11,473
3	17,100	97	280,000	22,947
4	1,570	13	35,000	2,868
5	2,070	13	45,000	3,688
6	6,620	37	140,000	11,473
7	3,500	28	90,000	7,376
8	6,620	55	140,000	11,473
9	4,800	20	145,000	11,883
10	2,600	7	60,000	4,917
11	1,000	6	22,000	1,803
12	13,350	61	240,000	19,669
Total	76,260	438	$1,527,000	$125,141

It should be emphasized that none of the above costs include any allotment for engineering costs, inspection costs or for the securing of easements. As for the engineering of any possible extensions, it is assumed that the Superintendent of Public Works would perform this function. There is also no provision made for either State or Federal Funds. It is the feeling of the study committee that even if less than 100 percent State or Federal funding were available, the restrictions and conditions that go along with such funds would pump the cost up so high that they would in effect negate themselves.

Every home which hooks onto the sewer system must pay a permit fee of $300, and by applying these fees against the cost of the extensions the amount of borrowing is reduced as shown in the chart below.

Area	Approx. Length (Ft.)	Approx. No. Hook-Ups	Estimated Amount To Be Borrowed	Estimated Annual Payment Loan at 5¼ % 20 Years
1	9,330	53	$174,100	$14,268
2	7,700	48	125,600	10,293
3	17,100	97	250,900	20,562
4	1,570	13	31,100	2,549
5	2,070	13	41,100	3,368
6	6,610	37	128,900	10,564
7	3,500	28	81,600	6,687
8	6,620	55	123,500	10,121
9	4,800	20	139,000	11,391
10	2,600	7	57,900	4,745
11	1,000	6	20,200	1,655
12	13,350	61	221,700	18,169
Total	76,260	438	$1,395,600	$114,372

The study committee evaluated three (3) possible ways of financing extensions using the costs outlined in the previous chart. The first method studied was the Guaranteed Main Line Extension. This means that the residents of any one of the areas outlined above can get together and finance the extension at their own expense by borrowing money through the Town for twenty years at an interest rate around 5¼ percent. Each home owner is then obligated to make an annual payment every year for twenty years in addition to the user fee that must be paid quarterly. If one of the other proposals of this committee is adopted, with respect to the procedures governing the Guaranteed Main Line Extension, it would take a two thirds vote of the residents of an area to approve a Guaranteed Main Line Extension, but every resident would then be bound by State Law to hook on to the system within ninety days of its completion date. The chart below outlines for each of the twelve (12) areas what the approximate annual cost each homeowner would have to bear if the Guaranteed Main Line Extension method is used.

Area	Approx. No. Hook-Ups	Approx. Cost (Less Hook-Up Fees)	Est. Ann. Pay. 5¼ % Loan 20 Years	Estimated Cost Per User Per Year for 20 Years	Estimated Total Cost Per User Over 20 Yrs.
1	53	$174,000	$14,268	$269	$5,380
2	48	125,600	10,293	214	4,280
3	97	250,900	20,562	212	4,240
4	13	31,100	2,549	196	3,920
5	13	41,100	3,368	259	5,180
6	37	128,900	10,564	286	5,720
7	28	81,600	6,687	239	4,780
8	55	123,500	10,121	184	3,680
9	20	139,000	11,391	570	11,400
10	7	57,900	4,745	678	13,560
11	6	20,200	1,655	276	5,520
12	61	221,700	18,169	298	5,960
Total	438	$1,395,600	$114,372	$261	$5,220

By studying the last column, which shows the total cost per home for the twenty (20) year loan period, it is safe to say that in any of the areas, a home owner could replace his septic system a minimum of two (2) times, even when inflation is taken into consideration, and still not exceed what the Guaranteed Main Line Extension would cost. It should also be pointed out that the technology in the area of sewage treatment is changing rapidly, and more efficient and longer lasting methods of coping with the problem on an individual home basis may be available in the near future.

The second method of financing the extensions which the

committee studied was to have the Town finance the extensions into the twelve (12) areas by borrowing the $1,395,600 for twenty (20) years at 5¼ percent and add the cost directly into the property tax. The annual payment of $114,372 would raise the tax rate by $1.70 and this $1.70 would be on the tax rate every year for the next twenty (20) years. This $1.70 increase would be on top of the $1.89 which is already in the tax rate from the construction of the original sewer system, and which we will not be free of until 1991. In other words, the total effect of the sewer system on the tax rate with the extensions included would be $3.59 per thousand dollars of property evaluation. This increase would be felt by every property tax payer whether they are already on the system, would be on the system if extended or would not be on the system even if it were extended. Since the average home in Peterborough is assessed for $35,000, this would mean an annual tax increase of $60.00 per homeowner.

The third method of financing the extensions which the committee studied was to have the entire cost of the extensions paid by only those people using the system by borrowing the $1,395,600 for twenty (2) years at 5¼ percent and adding the annual payment of $114,372 to the estimated annual operating cost with the extensions added of $66,000 and then charging the entire amount off in the user fees. If the sewer user fees continue to be determined as a percentage of the water user fees and taking the new water rates into account, this approach would mean that the sewer user fees would be 134 percent of the water user fees. At present the sewer user fees are only approximately 40 percent of the water user fees, so such a plan would result in a 3.4 fold increase in sewer user fees for not only the users that would be added, but also for the users already on the sewer system.

The study committee, after giving careful consideration to the effect which these extensions would have on the capacity of the system and to the effect which the cost of the extensions would have on the residents of the town, has come to the following conclusions:

1. The addition of 438 homes or 1,533 people would bring the system considerably over the remaining available capacity of 965 as outlined in the Dufresne & Henry report.
2. Bringing the system to capacity of extensions would be unwise because it would leave no potential for additional industrial growth since all industries would be required to be on the system.
3. Bringing the system to capacity by extensions would be unwise because it would not allow for additions of any structures which might be constructed next to existing lines and which would be required to hook on to the system under State law.
4. Bringing the system to capacity by extensions would create the immediate need to increase the capacity of the treatment facilities by aerating the lagoons or by numerous other

methods. While the committee has no figures as to what such an increase in capacity would cost, we do know that it would be substantial and would also add greatly to the annual operating costs.

5. Financing the extensions at town expense through property taxes would not be fair to the homeowners who would not benefit from such extensions. This is no small point considering that 700 property owners in town would not be on the sewer system even after an extension program as outlined in this report. We feel this way even though the existing system is being financed by all property tax payers because the original system was installed primarily to prevent the pollution of the rivers, and we feel that this is everyone's responsibility.
6. Financing the extensions at town expense through a property tax rate increase of $1.70 per thousand dollars valuation **cannot** be considered out of context with other possible needs of the community. Such programs as school hot lunches, an incinerator, public kindergartens, flood-proofing the sewer pumping station, etc., could add an estimated additional $1.83 to the tax rate over the next few years; not to mention unforeseen needs and the effects of inflation.
7. Financing the extensions by borrowing the money and then adding the repayment cost to the user fees would result in a 3.4 fold increase in the user fees, which in the opinion of this committee would be unacceptable.
8. Financing the extensions through the Guaranteed Main Line Extension method is a neighborhood decision; but at an annual cost of from $184 to $678 per user for twenty (20) years depending on the area in which you live, it would appear to be unacceptable.

In view of all our findings, the Sewer Study Committee has decided not to recommend the extension of the sewer system at this time.

The committee feels that the remaining capacity of the lagoons should be reserved to accommodate those new buildings which will be constructed in the future and required by law to tie into the system, and thereby give the town sufficient time to plan future enlargement of the capacity of the treatment facilities. At that time, future extensions could be evaluated.

In the course of our deliberations several other matters besides extensions arose and the committee wishes to make the following recommendations:

1. There has been no Capital Reserve Fund and it is our recommendation that the **user fees** be increased sufficiently to allow a $20,000 per year accumulation in a Capital Reserve Fund until the sum of $100,000 is reached. At that time the user fees could be reduced or the $20,000 yearly amount could be used for the gradual upgrading of the system.

2. User fees should continue to be calculated as a percentage of the water user fees.
3. The Selectmen or Moderator should appoint a permanent Sewer-Water Committee to keep abreast of the needs of the town and the condition of these systems. This would prevent the need for committees such as ours to start from scratch whenever a study is deemed necessary.
4. The Annual Town Report should be restructured so that all of the information concerning the operation of the sewer system, the annual operating cost report and the financing of the system are all contained in one section and outlined in a more simple manner so that everyone can understand it. We might add that this recommendation applies to all departments and not just the sewer department.
5. Reserves exclusive of the Capital Reserve should be set up to cover such future possible requirements as flood-proofing the main pumping station. These reserves should be built up by increasing the user fees and not through property taxes. In other words, the users and not the property taxpayers in general should pay for the continued maintenance of the system.
6. The town should have detailed plans prepared and approved on a priority basis as soon as possible, so it can react quickly should any complete Federal funding become available in the form of "make work" type projects.
7. Our study gives reason to believe that there are users who are not complying with the sewer regulations with respect to the prohibition on hooking sump pumps and roof drains to the system. The town should use all legal means to investigate and stop such violations.
8. Our study has also revealed that several homes and commercial establishments have never been connected to the system although they are bound by State law to do so. We also believe that there is one or more cases where the connecting line from the home to the street has been installed, but the plumbing inside the home has never been replumbed from the septic system to the sewer system. There is also at least one instance where raw sewage is still going into the river. We feel the town has an obligation to search out these violations and see that they are corrected.
9. While the Dufresne & Henry report contains a letter from the New Hampshire Water Supply & Pollution Control Commission apparently okaying the discharging of sewage during the winter months which does not meet the requirements of the law, the Selectmen should have the Town's legal advisor obtain a written verification of this action addressed directly to the Town of Peterborough
10. The regulations governing the sewer system should be modified to require the metering of all sewage being discharged into the system by industrial users and also add a regulation requiring inspection inside the premises of all sewer system users.

11. The Selectmen should establish a regulation covering Guaranteed Main Line Extensions along the following format:

a. It will take a two-thirds vote of all property owners within an extension area to approve a Guaranteed Main Line Extension.

b. Only those properties containing a building will have a vote. Owners of vacant lots will not have a vote.

c. The boundaries of the extension area will be determined by the Superintendent of Public Works and approved by the Selectmen.

d. If two-thirds of the voters within an extension area (as outlined in 11b above) vote in the affirmative, the decision will be binding on all property owners within the area and all owners of property on which there is a building will share the cost equally.

e. When the main sewer line is installed, a hook-on connection will be installed for all potential building sites.

f. Should a building be added on a vacant lot at some future date, that owner will be included in the computation of the annual payment only on the remaining balance of the loan at the time he constructs his building. He will have no obligation to make up for prior years' payments.

12. It is the opinion of this committee that State regulations fall far short of assuring adequate septic systems. Consequently, we recommend that the Selectmen and-or Planning Board should institute local regulations strict enough to assure the construction of better septic systems for all individual homes or new developments.

13. It should be made mandatory that septic systems will be designed and built at the time the home is constructed to service the ultimate potential size of the home, even though a section of the home will not be completed until a later date.

The Sewer Study Committee wishes to thank all of those people who gave up some of their time to meet with us. We also wish to thank those people who attended our public hearings and gave us their opinions. A special thanks goes to John Isham and Thelma Turner who supplied us with much of the information we needed and to the Board of Selectmen who provided the funds for the Dufresne & Henry engineering study.

LIBRARIAN'S REPORT
FOR THE YEAR 1976

We have endeavored to maintain the high level of services established at the Town Library over the past years, improving quality within the limits of space and staff. Our children's programs under the supervision of Joan Butler, Children's Services, have been enthusiastically received by young patrons, their parents and the teachers whose cooperation is apprecited. For Adult Services, the film and large-print book program encompasses all the retirement and nursing homes within the town and is efficiently developed by Ann Geisel assisted by Meg Turino.

The core collection in the library has been strengthened somewhat although the rising cost of books (over 25 percent in 1976) has strained the book budget, limiting purchases, especially in the Reference area which is one of our most heavily used departments.

The library lost three of its loyal and valued employees through elective retirement: Frances Russ, Vivien Whitney and Eunice Safford. Their dedication and contribution to the library over the years has been most constructive and their fine service gratefully acknowledged. Nicky Doris and Robert Neilsen substituted capably during the summer before going on to college. Meg Turino was employed after Mrs. Whitney and Mrs. Safford left. In the fall Ann Geisel was appointed Assistant Librarian by the Board and given charge of Adult Services.

The Librarian attended a number of regional and state meetings of various organizations: Southwest District Advisory Council, N.H. Library Association, N.H. Library Council and the New England Library Association. She was appointed Public Relations Chairman for the two state organizations and in the fall, was nominated to the N.H. Advisory Council on Libraries.

The Librarian has worked closely throughout the year with the Library Study Committee appointed at the last town meeting to explore the need for library expansion.

In August, the library was honored by the Forest Press Division of the Lake Placid Education Foundation "for its early adoption and continuous use of the Dewey Decimal Classification developed by Melvil Dewey in 1876 for the organization of library materials".

The library's entry in the Bi-centennial Parade was a model of the building loaned by Mr. Dowd, owner of the Goyette Museum of Americana.

We thank all who have supported our efforts with various gifts and who have given time, skills and constructive criticism to make our Town Library one of the most progressive and highly used libraries in the state. A very special thanks to those who have contributed to our Library Building Fund.

Toward the goal of developing an informed citizenry, we continue to direct our energies.

Respectfully submitted
Kathleen B. Taylor, Librarian

Parking tags issued	96

Police Cruisers travelled approximately 135,000 miles

Conclusion

I wish to take this opportunity to express my thanks to the Board of Selectmen, Members of our Police Department, New Hampshire State Police, Judge Kenneth A. Brighton, Clerk of Court, Town Clerk, and members and staff of the Public works department. I would also like to thank the merchants and citizens of Peterborough for the cooperation given me in the performance of my duties as Chief of Police during the past year.

Respectfully submitted,
Arthur G. Jackson
Chief of Police

CIVIL DEFENSE REPORT 1976

This past year has been a very active one due to increased demands made on the physical and technical aspects of Civil Defense responsibility.

In early February the flooding problems developed due to excessive rains and was quite extensive including the North Dam (Brous) and adjacent property — Pierce Basket Factory and Pierce Hardware Store due to ice jamming the rivers at the Contoocook and Nubanusit confluence — Transcript fire — Derby's Store — supply domestic water for a town resident — Hurricane Bell on 9 and 10 August — 5 staff personnel were on duty at Headquarters until early August 10.

New radio equipment was installed to replace old equipment ordered by NHCD Agency.

Ross Pelletier and Fred Murray as Communications and Welfare officers were added to the Personnel. Also we were very fortunate to have Mrs. Alta Cheney join us as the office secretary.

In closing I wish to thank all of our CD personnel for their fine dedicated work contributed to Civil Defense.

Very respectfully,
Civil Defense
Carl W. Wood
Civil Defense Director
Peterborough, NH

REPORT OF THE FIRE DEPARTMENT 1976

1976 was another busy year for the Peterborough Fire Department. During the last two years the fire alarm system was upgraded and enlarged. This included adding new buildings and some older buildings that have automatic alarm systems. Among the buildings directly connected to the fire alarm systems are the Monadnock Community Hospital, Pheasant Wood Nursing Home, the three Conval schools, New England Business Service, Derby's, Noone's Mill, Brookstone, New Hampshire Ball Bearing, and Gates, Inc. With this many automatic alarms, we are bound to have and in fact did have some alarm malfunctions. One plant had a faulty alarm activator and until that was repaired, it did cause an excessive number of calls.

Another function of the fire department is the operation of the emergency ambulance service. This serves Peterborough and five other towns. In 1976, we answered 372 calls from our area and an occasional call to a surrounding area to assist them in their calls. We also received assistance from Jaffrey and Antrim when needed. In 1976, we were able to add additional members to the group. These were firemen who undertook an additional 82 hours of Emergency Medical Training and we also recertified the first group of Emergency Medical Technicians.

The fire department performed its main function of suppressing fires but this was a small portion of the total time devoted to the fire department activities.

We continued our monthly meetings, monthly drills, and had special training programs here at the fire station. In September we had some firemen attend the Meadowood Training School for two days of intensive training.

The major expenditure of money was on the purchase of a used aerial ladder truck from the south shore of Long Island. Many trucks were investigated and this was the one that met our needs best. It is a 1960 Chevrolet with a 75' four section ladder in addition to the usual ground ladder and small equipment. This was the piece of equipment that was missing from our fire fighting force and with its acquisition, we are better able to attack a fire and with greater safety in many cases.

We wish to extend a public thanks to the other departments, the selectmen, and in particular you the citizens of Peterborough, for the support and assistance that has been shown during the year.

Sincerely,
Merton S. Dyer, Chief
Lawrence C. Bishop, 1st Assistant Chief
Joseph P. Russell, 2nd Assistant Chief

FOREST FIRE WARDEN REPORT

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as town or city fire warden and several other persons as town or city deputy fire wardens to a three year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The State also provides backup personnel and equipment for suppression and prevention activities.

The combination of State and Local forces has resulted in one of the smallest acreage loss due to forest fires in the United States for the past 20 years.

1976 Forest Fire Statistics

	No. of Fires	No. of Acres

District	51	37
Town		

Gilbert Testa
District Fire Chief
Merton Dyer
Forest Fire Warden

HEALTH DEPARTMENT REPORT

As your newly appointed Health Officer, serving in this capacity only since early September, my activities have been only in the area of inspection of child care homes and agencies, approval of international certificates of vaccination, plus one approval of a liquor license.

The program of influenza immunization was efficiently planned and managed by the Visiting Nurse Association.

Based upon my activities and the records available from Mr. Demers whom I succeeded, because of his moving to another community, my report for the year ending December 31st is as follows.

Animal Bites	5
Hepatitis-A (Infectious)	1
Investigated Complaints	1
Inspection of Child Care Agencies	9
International Certificates of Vaccination Approved	38

Respectfully submitted,
Fred E. Murray
Health Officer

REPORT OF OVERSEER OF PUBLIC WELFARE

In 1976, fifteen requests were approved for direct relief from applicants who were in need of assistance which, with one exception, were of short duration. In addition, one family no longer living in this community, is being assisted by the community in which they presently reside. Peterborough is being billed by that community for expenses incurred. Rent and utilities continue to be the major expense incurred by those in need of assistance. If it were not for the Food Stamp Program, the costs of local relief would be considerably higher.

The reluctance of the State of New Hampshire to adequately fund many Human Services programs is and will continue to place a greater financial burden upon the local communities. As a member of the New Hampshire Local Welfare Administrators Association, I have been a participant in discussions and in formulation of policies that will hopefully reverse the trend of mandated laws and agency regulations which continue to add to the financial burden of the local communities for Human Services. In addition, as a legislator, I am for the first time a member of the Health and Welfare Committee, and intend to convey the above mentioned policies to the agency and department directors who appear before our committee.

Four Hundred Twelve Dollars and Fifty-Five Cents ($412.55) were received from Common Trust Fund D, the John Q. Adams Fund, Almon T. Hovey Fund, Asgood Fund, and Malinda Upton Fund. These funds were distributed for Christmas. In addition, One Hundred Twenty-Six Dollars and Twenty-One Cents ($126.21) was received from the Overseer of Poor Trust Fund and was distributed to bring a little Christmas cheer to recipients.

Respectfully submitted,
Fred E. Murray
Overseer of Public Welfare

REPORT OF PLANNING BOARD

The Peterborough Planning Board has held twenty-one meetings and conducted seventeen public hearings since the 1976 Town Meeting.

The upsurge in the National Economy has resulted in an increase in building activity in Peterborough. Receiving Planning Board approval were fourteen minor subdivisions of two to four lots each, and four boundary line adjustments. Ten special exceptions were considered by the Board with recommendations being made to the Board of Adjustment as required by the Zoning Ordinance. Peterborough's first condominium project, Hancock Homes, Inc., Governor Square twenty-three unit facility at the corner of Routes 101 and Pine Street received Board approval and is now under construction. Also, Lloyd Reynolds, Inc.'s 12 unit condominium project off of Prospect Street has received Planning Board approval provided the necessary drainage easements can be obtained from the Town.

A major industrial project, the Eastern Mountain Sports facility, on land of Peterborough Industrial Development Corporation in North Peterborough, was approved. Also considered and approved was the application of Arthur Whitcomb, Inc., to construct a cement plant on Route 202, South, on land owned by the Peterborough Industrial Development Corporation.

The Planning Board turned down a request by Harvey Moore for a major residential subdivision on the Old Greenfield Road. Two large residential subdivisions on Old Street Road are still being studied.

Non-residential site developments that obtained Planning Board approval included the Monadnock Indoor Tennis Club, Inc., expansion, Peterborough Industrial Development Corporation's Mini-shopping Center, and the Jere and Robert Morris Commercial Site, all on Route 202, North; the George Achille, Agway store on Route 202 South; and the Mason Harris Gravel and Oil Plant on the Sharon Road.

The Board also met with officials of the State Highway Department to discuss the improvement of Route 202, South, and reviewed the plans of the Library Committee for expansion of the Town Library.

A sub-committee of the Planning Board consisting of Paul C. Cummings, Jr., Chairman, Harlan E. Karr and Jere T. Morris have drafted a proposed Building Code Ordinance for consideration by the Town. Two public hearings have been held. This ordinance, by law, must be a ballot question, no discussion being allowed on the floor at Town Meeting.

The proposed Code is a "performance" Code. It would establish minimum standards for building construction, but will not prevent anyone from doing the work themselves. The Building Inspector's duties will include insuring that any work done meets the performance standards of the Code. The Planning Board feels that the Town is now ready for a modest building code to protect the citizens and future homeowners of this community. We hope that you will vote for the adoption of the code.

In July of 1976, Herbert C. Nichols officially retired as Clerk of the Planning Board, a position which he assumed in 1956. His faithful attendance at meetings, his experience, his knowledge of past Planning Board actions, and his good common sense have been an invaluable asset to the Board. The following resolution was unanimously adopted:

WHEREAS, Herbert C. Nichols served as Clerk of the Planning Board from 1956 until his retirement in July, 1976; and

WHEREAS, Mr. Nichols' experience, common sense, wisdom, and devotion to duty have been an invaluable asset to the Board; and

WHEREAS, Mr. Nichols' twenty years of service to the Town and to the Planning Board have been a material factor in the Board's accomplishments on behalf of the Town;

THEREFORE, The Peterborough Planning Board, on this Fourteenth day of February, 1977 takes official recognition of the retirement of Mr. Nichols and extends to him its sincere appreciation for his two decades of dedicated service to the Town of Peterborough.

ALSO, that this Resolution shall be made a part of the official record of the Peterborough Planning Board, and the Chairman is directed to send a copy to Mr. Nichols.

REPORT OF THE PETERBOROUGH ZONING BOARD

The Peterborough Zoning Board considered fifteen (15) cases during 1976. Nine of the cases concerned variances or exceptions in the Family Zone. One case concerned a continuance of a non-conforming use in a Family Zone which was granted.

Under Article 3 concerning the General Residence Zone, the Board considered various applications for special exceptions for specific proposed uses. One application was denied on grounds of inadequate parking. Uses which were permitted included a Boarding House, a Gift Shop inside a Museum, and the Monadnock Workshop. One application is still pending.

One variance in the General Residence Zone was granted involving the set-back requirements for installation of a swimming pool, provided that no nuisance resulted from the installation.

Under Article 5 pertaining to the Commercial Zone, the Board granted an application for permission to sell ice cream on a seasonal basis.

Under Article 6 concerning signs, one application was granted with limitations as to size and character. Also under Article 6 concerning Customary Home Occupations, one application was granted for sales of rare books in the Rural Zone and one was denied for an antiques and ceramics shop in the General Residence Zone.

Six (6) applications were filed concerning the continuance of non-conforming uses. One was granted unconditionally. Four (4) were granted with conditions, and one was denied. Conditions imposed concerning continuance of non-conforming uses included a prohibition against exterior changes, fire protection conditions, off-street parking conditions, size of signs, and sewerage disposal.

The Board has continued an apparent trend in denying applications for "use variances," but granting variances in certain cases of setbacks, frontage, or lot size. Most special exceptions, on the other hand, have been granted subject to various applicable conditions.

Respectfully submitted
John R. Falby, Jr.
Chairman

1976 REPORT OF THE PETERBOROUGH CONSERVATION COMMISSION

Proper land use, by 1976, has become of increasing significance and general concern to our town as a greater number of Peterborough residents and business enterprises have come to recognize the long term values in its particular environment.

A key factor in this encouraging attitude lies in the results of the Soil Survey completed in April, which was backed by the Ford Foundation. The compilation of two dozen charts covering the entire township permits identification on the one hand of land whose soil type makes it especially desirable for preservation and, on the other hand, land more suitable for residences, recreation, commerce or essential community services.

Another key factor arises from the overall community appreciation of the long term assets of Our Town, both past and present, emphasized and so well made manifest by the events of this year's Bi-Centennial celebrations. Such awareness helps to guide people's attitude toward the sort of town which Peterborough should grow to be. To focus attention upon these features, your Commission is in the process of drafting a land use map to locate and display each of the many essential features.

Preservation of the charm in the approaches to Peterborough is an important part of maintaining and improving the satisfying aspects of village or rural life, with its unusually attractive open space environment. The Rotary Club is to be commended for undertaking, in June, the planting of 100 young trees of numerous colorful varieties along Route 202, from the north bridge to ConVal High School, with the help of many volunteers.

In turn, the Chamber of Commerce promoted in the spring the construction of a children's swimming beach along the banks of the Nubanusit River at Teixeira Park, taking advantage of improved water conditions below the MacDowell Dam. Of broader significance is the announcement in the Fall, by the Chamber's Community Development Committee, of a series of goals to encourage long range economic, social and aesthetic growth, involving land use planning, a code for adequate housing, provision for environmental quality in site design, and a pattern of growth featuring the aims of the town's Master Plan.

Similarly, Lions Club members, in expressing concern over the near-total loss of the town's traditional elms, have proposed organizing among themselves this coming spring, trained teams to apply approved therapeutic treatment to remaining elms capable of preservation, upon arrangement with interested property owners.

These three projects are illustrative of a growing cooperative interest and desire among individuals and organizations to take part in perpetuating the environmental values in our community. Your Conservation Commission alone has not the manpower to carry on such vitally needed projects and welcomes all such cooperation to attain in time adequate conservation of our town's recognized resources.

Needing immediate attention are the approaches to Peterborough, which comprise the flowed lands back of the north dam, Noone Pond to the south, Cunningham Pond to the east and, to the west, MacDowell Lake upstream from the Dam. Longer disregard could mean an unfortunate and possibly irrevers ble turn in Peterborough's future.

To avoid hazards of further delay, your Commission is already engaged in

negotiations with the Corps of Engineers, the drafting of Conservation Agreements, the acquisition of wetland areas and the establishment of greenbelts along the banks of related streams and ponds. In May the first Conservation Agreement applicable to a greenbelt along the east bank of Otter Brook, above Happy Valley, became effective.

The year 1976 has shown that true conservation is a total community endeavor. Your Commission wishes, therefore, to express its gratitude for the cooperation and backing of individuals and organizations from our township in consciencious efforts to preserve and enhance the town's environmental resources.

Respectfully submitted,

Peterborough Conservation Commission

WAR MEMORIAL RESTORATION COMMITTEE

The 1976 Town Meeting requested that this committee be formed to study further the means and costs of restoring the Peterborough War Memorial, which in recent years has fallen into disrepair. Before describing its findings and recommendations, the committee must express its sincere gratitude to Charlotte Derby and the other members of the Bicentennial Committee, who chose the restoration of the Memorial as its bicentennial project and whose efforts were of tremendous assistance.

In arriving at its recommendations, the committee considered several different designs for the Memorial and obtained a number of cost estimates. One such design would have involved replacing the present brick wall with wrought iron fencing, much the same as is now on both ends of the wall, and attaching the bronze placques directly to the wrought iron. Although this design would have the advantage of improving the visibility from Grove Street of the former Phoenix Mill houses located on the Historical Society's property beyond the Memorial, the committee found that the cost of forging alone of the necessary iron for the fence approached the total estimated cost of removing the present wall and reconstructing a new brick wall of approximately the present design. Moreover, the committee felt that unless significant savings could be achieved by building the new Memorial out of different materials, there would be no other reason to alter the familiar present design, which conforms well with the brick buildings on either side.

As a result, the committee obtained several estimates to reconstruct the Memorial in substantially the existing form and succeeded in getting a commitment from one reputable mason contractor to carry out the project during the summer of 1977 for slightly less than $10,000. Since this was the proposal which the committee ultimately adopted for recommendation to the Town, it warrants a brief description. Basically, the proposed Memorial would be of approximately the same size and configuration as the present Memorial, in that it would be erected on the existing granite base, which remains undamaged, and retain the present concrete caps on the wall and gate supports. Instead of being constructed entirely of brick, the new Memorial would have a steel-reinforced concrete core with a brick veneer. The wall would also be slightly narrower than at present in order to allow a slight overhang of the concrete cap, which the committee has been told will greatly improve drainage and prevent erosion of the brick. Other measures to prevent water from seeping into the wall and freezing would also be taken, and the entire wall would be sealed with protective chemicals at various stages of construction. All contractors consulted recommended that the brick be sealed again at least annually thereafter and agreed this would be a task the Town itself could perform at very nominal expense.

Also included in the contractor's commitment would be the reconstruction of the walls at either end of the Memorial, abutting the Historical Building and the Town House, as well as removal of the existing wall, and removal and remounting of the bronze plaques. Not included in the proposal, however, would be the cost of sandblasting the existing ironwork and repriming and repainting it. The committee has obtained an estimate for this work of approximately $1,000, which it would recommend that the Town approve as a part of the entire project. Although the cost of landscaping the restored Memorial also has not been included, the committee felt that there would be sufficient funds remaining to cover this relatively small expense and, if not, that one or more local organizations might agree to contribute any additional amount.

The final item necessary to complete the new War Memorial would be the bronze plaque to honor those who served in the Vietnam War. The Bicentennial Committee is currently completing the difficult task of compiling an accurate list of names for this plaque and has learned that the estimated cost would be $4,000, with the approximately 140 names anticipated and an appropriate heading. This placque would be erected on the wall abutting the Town house in the space now occupied by the plaque bearing the armed forces service emblems.

The net amount therefore required to restore the Peterborough War Memorial in the manner described and to provide a new plaque commemorating the participants in the Vietnam War would be $15,000. Of this total, there is approximately $2,000 in the General Fund remaining from the Bicentennial appropriation, which the Selectmen feel should go toward the restoration of the Memorial. The committee respectfully requests that the Town vote this $2,000 and an additional $13,000, to provide the total of $15,000 required for restoration of the Memorial in accordance with the committee's recommendations.

Respectfully submitted,
L. Phillips Runyon III, Chairman

PETERBOROUGH BICENTENNIAL

The Bicentennial Committee, under the supervision of the Selectman, held its first meeting on April 2, 1975. A Chairman and Secretary were elected. Also, at that time, as prescribed by the American Revolution Bicentennial Administration, Chairpersons were appointed to head 3 Committees: (1) Heritage '76; (2) Horizons '76; and (3) Festival USA. Representatives of 30 organizations, churches and garden clubs in Peterborough were present as well as elected representatives of the community. Closely allied with the new Committee were Jennifer Crawford and Laurel Fields, representing Conval, who contributed much to our overall thinking and programming.

A ceremony at the Town House on July 4, 1975 marked the offical opening of Peterborough's Bicentennium with the reading of the Governor's Proclamation (beautifully executed in script by J. Arthur LaRoche — then framed and given to the Post Office) in honor of this event, the flag raising, color guard, pledge of allegiance, followed by a children's parade to the playground led by the "Spirit of '76," and by the Historical Society's Open House.

The activities of the Heritage, Horizons and Festival Committees are too numerous to mention here. Some of the highlights follow:

As Chairman of Heritage '76 Jonathan Strong and his committee published "Peterborough in Pictures — 1876-1976", under the direction of Dane Cummings. This souvenir booklet, describing the changes which have taken place in "Our Town" in the past 100 years, was partially financed by the Peterborough Chamber of Commerce. In addition the Heritage Committee, through the Historical Society, sponsored guided tours of the Society's facilities, craft exhibits and an Open House featuring movies of Peterborough. Jim Lawn added Peterborough's Scroll to the Wagon Train destined for Valley Forge. In May, 1975 the DAR arranged with Ken Whiton to place a plaque and a Betsy Ross Flag on the grave site of William Diamond and on the site of the first Tavern of Peterborough.

The Horizons '76 Committee, chaired by Mrs. Charlotte Derby, was charged with developing a significant Bicentennial project of lasting value to the Community. From about a dozen suggestions by townspeople, the restoration of the War Memorial was chosen but, unfortunately, at the 1976 Town Meeting a warrant article asking for funds for this restoration was defeated. However, it was referred to a Committee responsible for reporting its findings to the 1977 Town Meeting. It was also felt that this would be an appropriate time to add a plaque to the War Memorial to honor the veterans of the Viet Nam War and, after much research, 130 names of qualifying veterans have been received.

Ronald Wilks, Chairman of Festival USA, and his committee planned the following activities: (a) The Bicentennial parade, held on June 12, 1976, with its 32 floats, marching units, 7 marshalled divisions, antique autos, and 6 bands marched along the 2-mile route, passed the Judges' reviewing stand, and returned to the Town House where trophies were awarded for outstanding floats and units. Of special interest were the 50 Elementary School children carrying State flags made by the Middle School Art Class, and the Bicentennial Quilt, a project of Connie LeBel and Mary Boutwell, containing squares sewn by Peterborough organizations, the hospital and churches. A performance by the Monadnock Chorus under the direction of James Bolle was a perfect ending to an exciting day. (b) Bag pipes and drums sounded the start of the official Bicentennial flag presentation at the Town House following a Bicentennial ceremony at All Saints' Parish on November 30, 1975. Congressman Cleveland was on hand to make the presentation as well as to present a flag that had flown over the Capitol. A Cer-

tificate proclaiming Peterborough an official Bicentennial Community was given to the Town.

On July 4, 1976 Lucy Blair planned the ceremony at the Town House featuring the reading of excerpts from the Declaration of Independence by Laurie Scott and Robert Nielsen, followed by a color guard, flag raising, music by Conval students, and an open house at the Historical Society.

While it was felt that the Bicentennial should not become a commercial venture, the Committee did approve the sale of (1) Bicentennial auto plates; (2) Bicentennial medallions and bottles in various colors depicting the "beech tree on the common" and the "old meeting house." These were the inspiration of Charlotte Derby, designed by Nora Unwin, and fashioned by glass-blower Chris Salmon; and (3) Souvenir booklets.

All of our activites are recorded in a scrapbook which has been given to the Historical Society. We are indebted to Barbara Hutton for cataloging the events of 1975-1976 with photographs, press releases and mementoes of the Bicentennial.

Our thanks to the Town for financing it, and to all who inspired us and through their efforts made the Bicentennial a success.

Dorothee English, Chairman
Peterborough Bicentennial Committee
